

GUSTO CHEFS CATERING

A smart platform that solves the chaos of daily lunch planning in teams and offices. It streamlines the ordering process using AI chatbots integrated with WhatsApp, Mail, and other chats:

Client had these problems:

- Employees often forgot to place lunch orders
- Admins were overwhelmed managing daily group orders
- Orders were sometimes wrong or delayed
- No personalization or reminders in the process

We solved it like this:

- AI chatbot handles conversations and order placement in chat apps
- Teams can create organization accounts and invite employees
- Employees place orders, managers approve bulk orders
- Google login for fast onboarding
- Daily automated notifications sent via chat
- Personalized suggestions and order tracking in real time
- Easy backend for restaurants to manage incoming orders and menus

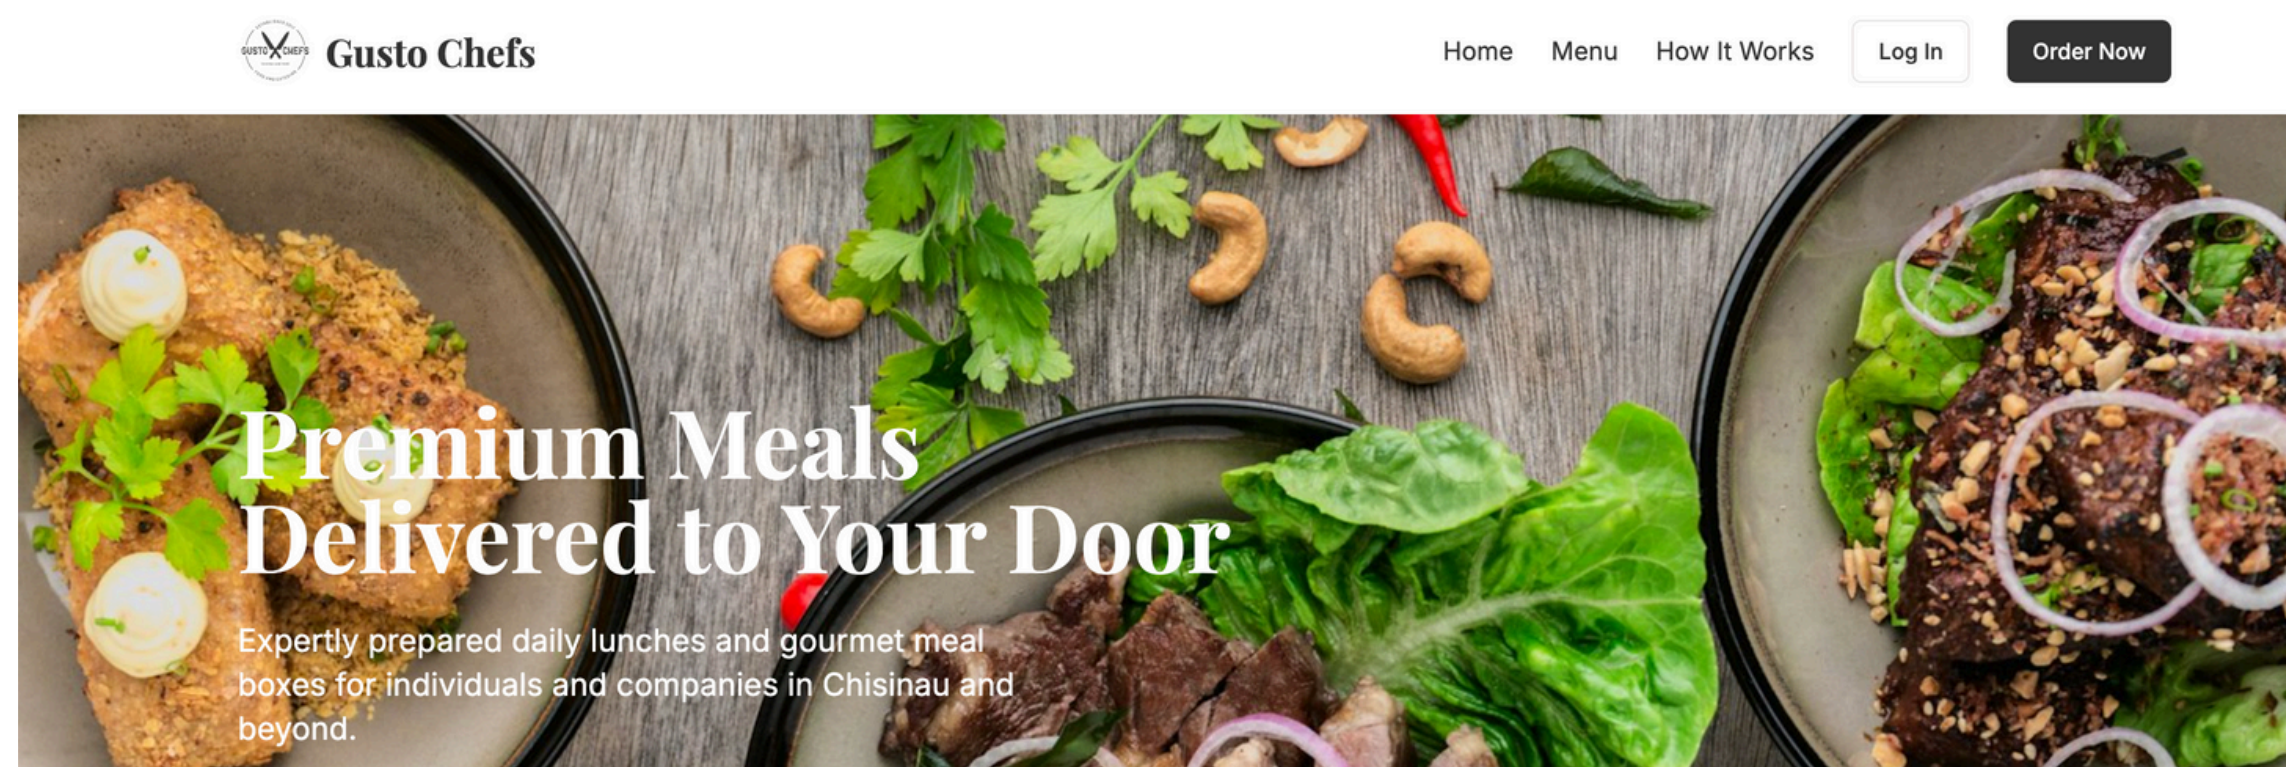

Technologies:

Frontend - Django, React.js

Backend - Python, Django, Rest Framework,
External integrations

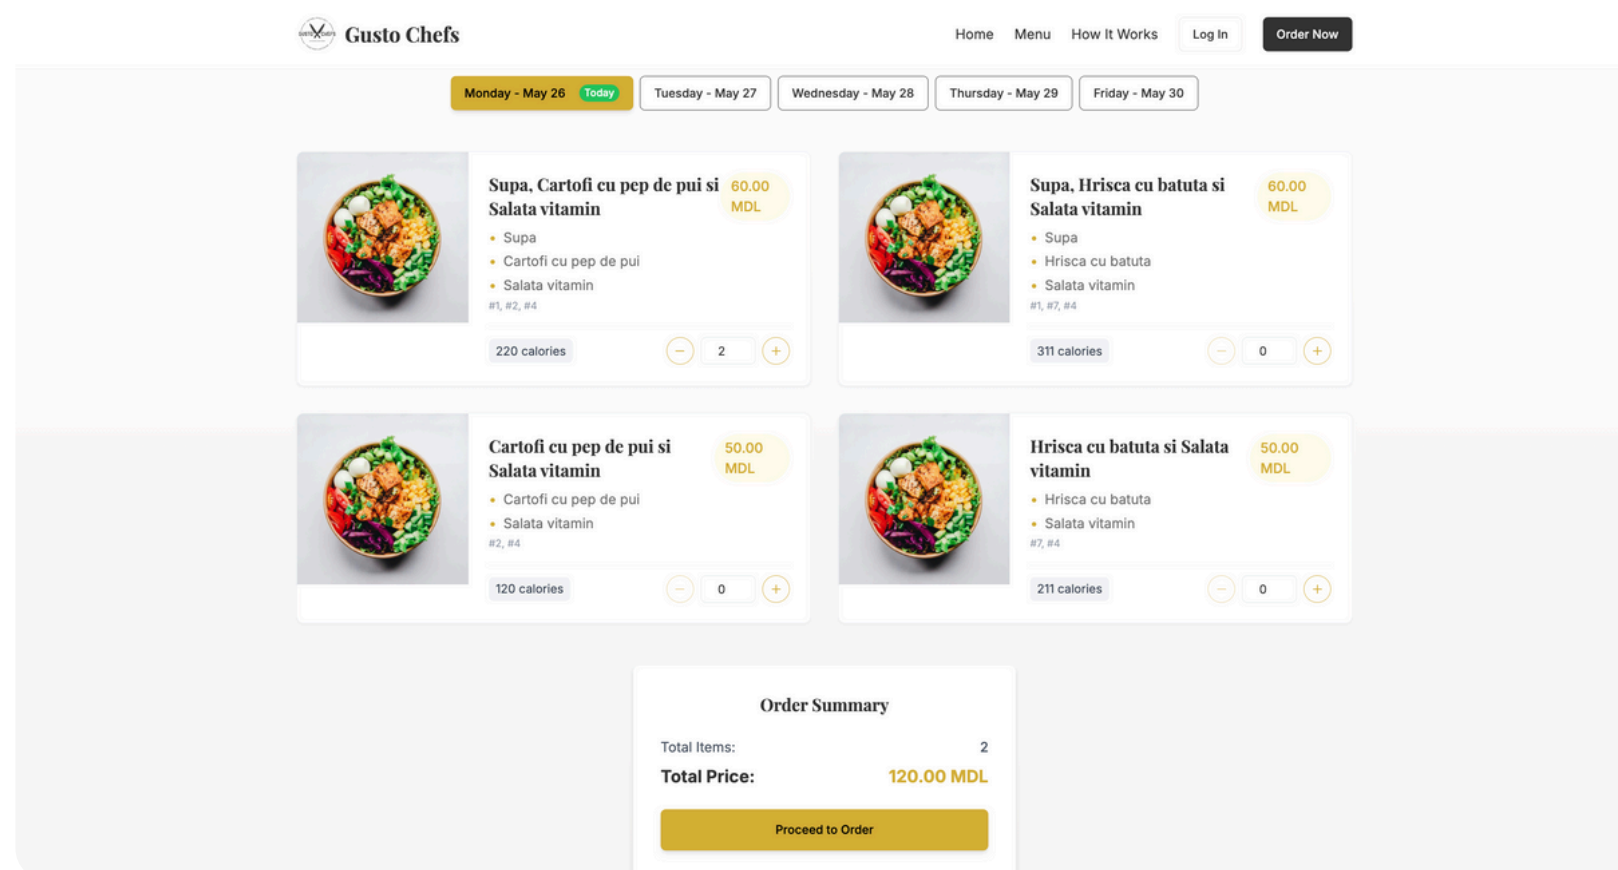

Infrastructure - Docker, CI/CD, Digital Ocean

LLM: OpenAI

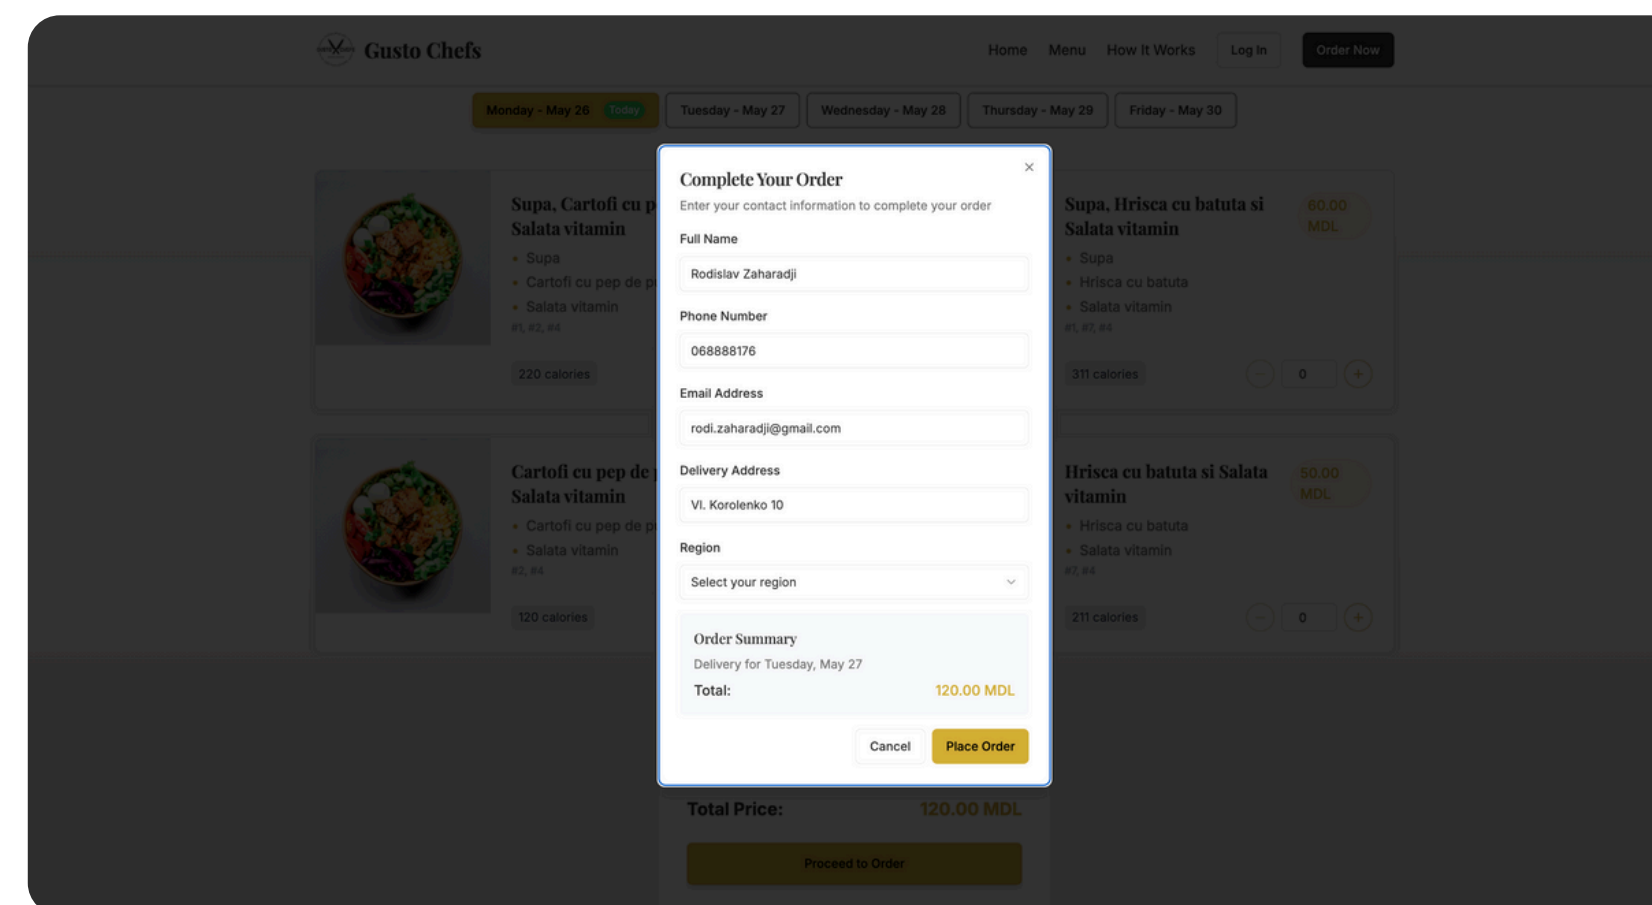

ORDERING PROCESS OPTIMISATION

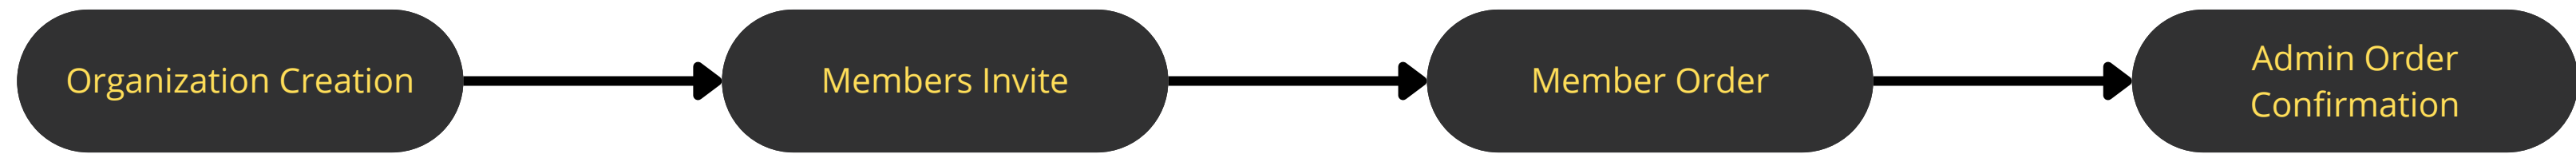

- Simple user order creation

It simplifies the lunch ordering process into just three steps—selecting a meal, filling the form, and confirming the order—making it fast, intuitive, and user-friendly.

- Organization order creation

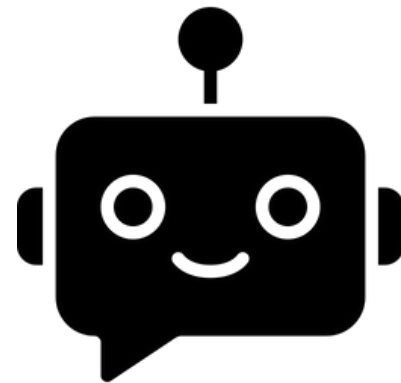

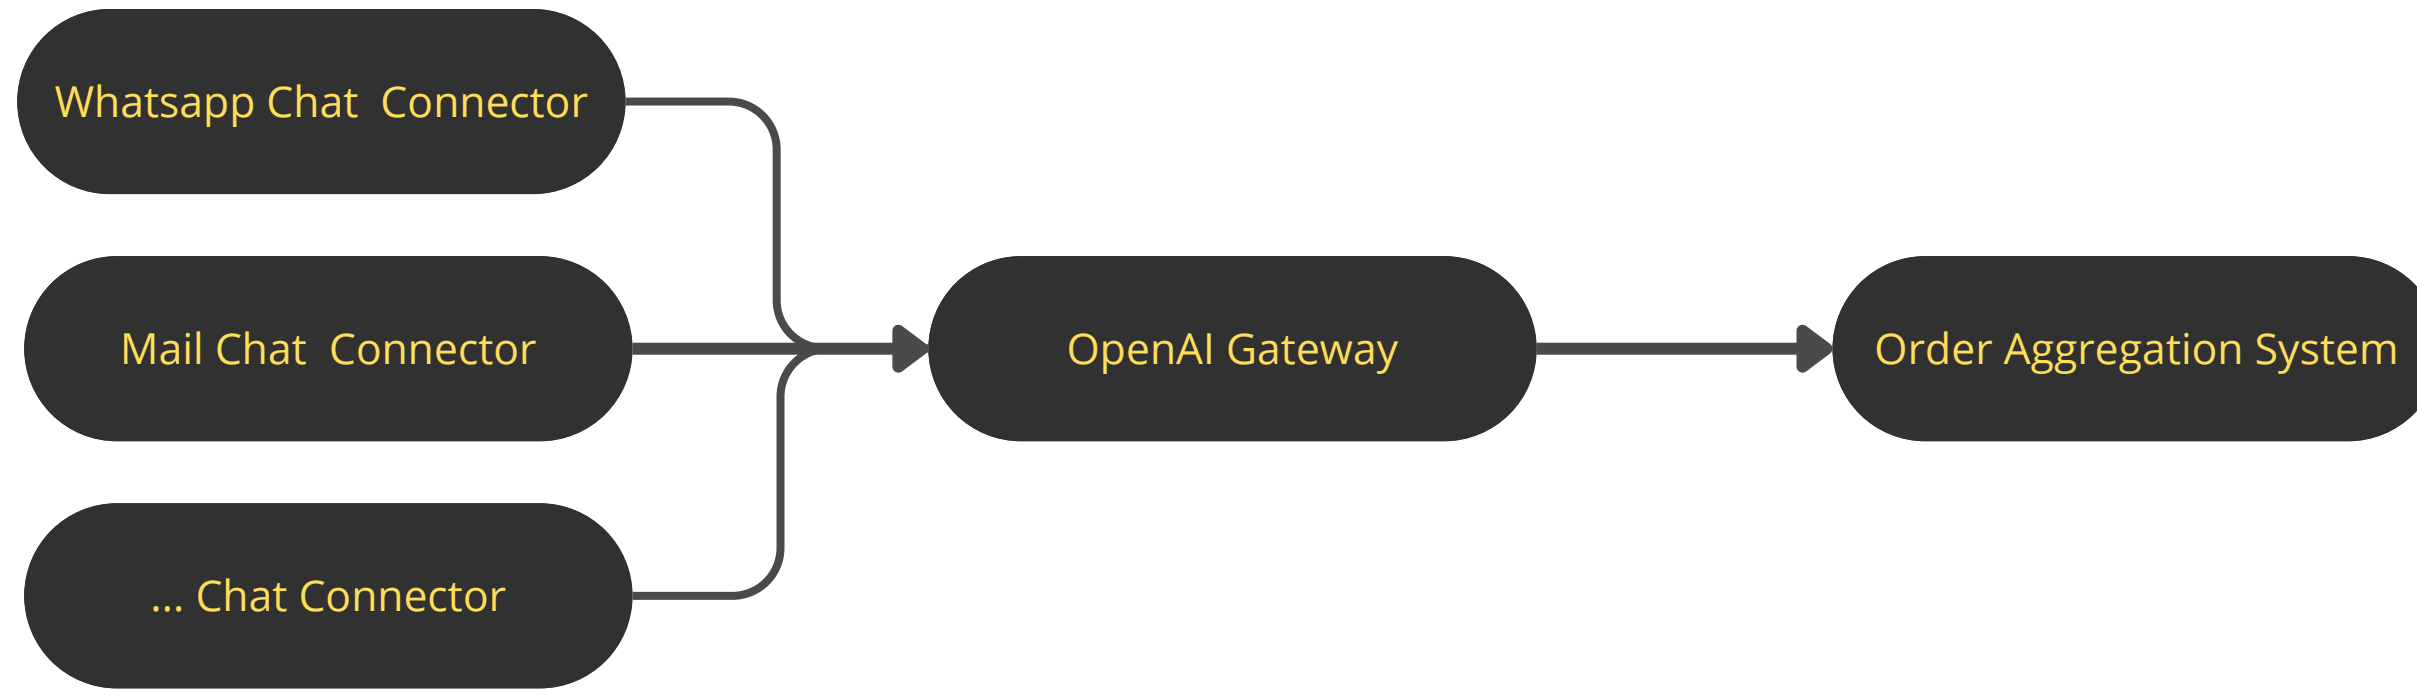

The screenshot shows the 'Members' section of the Gusto Chefs website. At the top, there is a navigation bar with 'Home', 'Menu', 'How It Works', 'Acme Corp', a user profile 'rodi.zaharad...', and an 'Order Now' button. Below the navigation, the 'Members' section is titled. Under 'Invite a New Member', there is a form with an 'Email' field containing 'mihai@sugarssoft.com' and a 'Role' dropdown menu set to 'Member'. An 'Invite Member' button is below the form. Under 'Current Members', there is a list showing 'rodi@sugarssoft.com' with the role 'Member' and status 'Active', and a 'Remove' button.

The screenshot shows a 'Complete Your Order' modal on the Gusto Chefs website. The modal is overlaid on a dark background showing a menu with items like 'Cartofi cu pep de pui si Salata vitamin' and 'Hrisca cu batuta si Salata vitamin'. The modal contains a toggle for 'Order for Acme Corp' which is turned on. Below this, there is an 'Organization Order' section with the following details: Organization: Acme Corp, Address: VI. Korolenko 10, Phone: 068888176, Region: Botanica. An 'Order Summary' section shows 'Delivery for Tuesday, May 27' and a 'Total' of '120.00 MDL'. At the bottom of the modal are 'Cancel' and 'Place Order' buttons.

It simplifies group ordering by allowing companies to create an organization, invite members, and manage orders with a single admin approval flow.

- AI-Powered chatbots

The chat integrated with the LLM holds conversations with people through chats, validates, and creates orders in the order aggregation system.
